

MSGI Telecom Solutions

ONE STOP FOR ALL YOUR BUSINESS TELECOMMUNICATIONS

TELECOM

FOR YOUR
BUSINESS

MSGI Telecom Solutions, a division of Marketing Services Group Inc. is your one-stop source for all your telecom needs — from consulting, installing cable/wiring, providing telephone systems and the required voice and data service, and finally providing a web portal for any future moves or changes to keep it all running smoothly.

SOLUTIONS

TELECOM SOLUTIONS

Since 1999, we've been the one-stop source for telecom equipment and services.

- Telephone & VOIP Systems—certified Partners of Siemens, Avaya (Nortel), Polycom and Cisco.
- Siemens Cloud Hosted PBX Systems
- Certified Service Technicians for most systems available 24/7/365
- Call Center Design and Implementation
- Automated Disaster Recovery Programming
- Multi-site Voice & Data Networking
- Cable & Wiring—CAT5e, CAT6e and fiber optic cable networks

Contract negotiation and service coordination for Voice and Data Services

- Local, long distance and toll-free service
- Data, MPLS, SIP
- VOIP
- Wireless service
- Blackberry® hardware, software and technical support
- Satellite phones
- Audio and web conferencing
 - Web-based systems with no capital investment
 - On-site equipment
- Mass notification systems
 - Web-based or on-site equipment

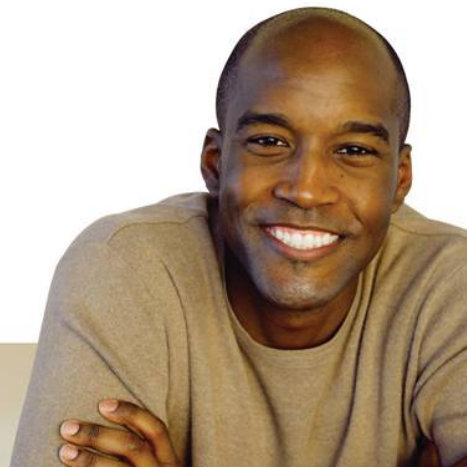

SERVICE & SUPPORT

- Multi-location telecom systems management throughout North America
- Technicians on call 24/7/365 via web portal for repairs, moves, additions and changes and more
- Service contracts for priority response time and lower hourly rates

“We don’t just install telecom solutions, we support them throughout their lifecycle.”

- System relocation and upgrades
- Automated disaster recovery design and programming
- Multi-site voice and data networking
- Call Center design and implementation
- Telecommunication audits
